

Year 1. Week 13.

Thank you so much for uploading all the learning on Seesaw. It was lovely to see all the learning and activities they were doing during the week.

Below is a list of new learning ideas for this week. Please try and do as much as possible. Have fun!

Reading

Here are lots of books which you can read online:

<https://home.oxfordowl.co.uk/books/free-ebooks/>

- I have also included reading activities. The children have to follow the instructions and colour in the pictures. We have done lots of activities like this in class before so the children should know what to do!
- I have also attached a 'Tricky Word Challenge'. The children have to use the first letter of the pictures to spell out a tricky word. See if you can complete the challenge.

Keep reading through your books on [Active Learn Primary](#). Please tell me if you need more books and I will try to add some more for you.

Phonics

<https://www.phonicsplay.co.uk/>

Username: march20

Password: home

Here are lots of phonics games to practice your sounds.

I have attached some real words and nonsense words for the children to practice.

Handwriting

The children are going to be focusing on their cursive handwriting by practicing the letters:

One Armed Robot Letters

Literacy Writing

This week, the children are going to be:

1. Creating a poster for Year R. They need to draw and write about what they do in Year 1.
2. Write a letter to their new Year 2 teacher.

Maths

Our topic is about 'Time'.

1. The children will be learning about 'half past' so they need to draw the hands on the clocks.
2. They will start measuring time.
3. They will be comparing times.
4. The children will be learning about hours, minutes and seconds.

Send me lots of pictures of your maths work. It would be fantastic to see their maths learning!

Come and See

Our new topic is 'Neighbours'.

I have attached lots of different activities and PowerPoints too:

1. The children will need to look through the PowerPoint and then draw the neighbours in their lives.

PE

Cosmic Yoga for kids on YouTube is a great way of keeping active!

If you haven't started already, Joe Wicks does fantastic exercises every day at 9am on his YouTube. It is hard work but so much fun! Everyone can join in.

Art

'Art Hub for Kids' on YouTube is an amazing resource which shows you how to draw different designs. Have a go at creating different masterpieces!

Circus Themed

Topic

- The children will be learning about different costumes and then making their own circus hat.
- The children will be designing their own circus tent.

Paddington went on another adventure. Perhaps, the children could write about his adventures.

Please continue to upload the learning onto your Seesaw journal. Thank you so much for all the support and the work that you are doing with the children at home. Please keep us updated about what they are getting up to as it is always so lovely to see their learning.

I hope you have a fantastic week and keep up the great work!

From

Miss Bennett
