WAVE 1 SUPPORT

Wave 1 is the 'quality first teaching' which looks at the learning needs of all the children in the classroom. Before any additional provision is considered it is important to look at what is already available to all pupils through differentiated work and an inclusive learning environment. While some strategies / approaches may have previously been recommended for a particular pupil group it is probable that they will be of benefit to many more children in a class. The more inclusive the classroom, the less the need for additional to or different from interventions.

Where the nature of pupils' needs is such that they will need 'additional to' or 'different from' provision in the identified areas, settings must still consider how their Wave 1 offer can enable the pupils to access the curriculum.
